

YIQIA<sup>®</sup>  
DIGITAL

# Fast Dry

## Sublimation Transfer Paper

YIQIA DIGITAL Fast Dry Sublimation Transfer Paper promotes sublimation transfer to a brand new level of vivid color and reduces ink usage. Meanwhile, a good transfer rate is maintained.

### Features

Bright colors  
Excellent line sharpness  
Fast dry within 10 seconds

### Application

Polyester  
Textile Printing  
Hard Substrates  
Home Furnishing

### Precautions

Place the paper  
on a pallet or shelf 15-20 cm  
above the ground. Stacking  
layers of no more than 8 layers  
is recommended.

### Storage

Recommended to store  
it in its original packaging,  
avoid direct sunlight,  
in a poly bag at temperatures  
of 10-30°C and 40-70% RH.

1 year
